# Two Critical Pairings

- Technical (Hard) and Soft Skills
- Interview Skills and On-the-job Skills

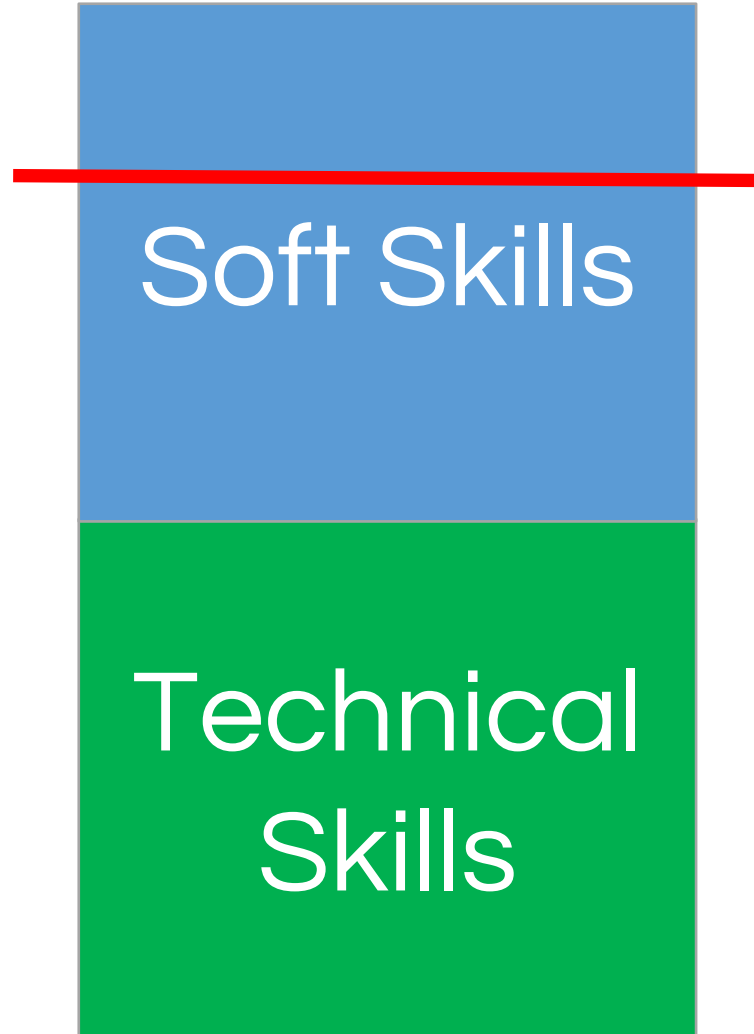

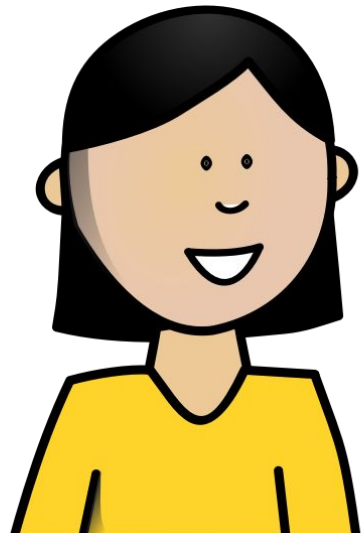

# Technical and Soft Skills

Soft Skills

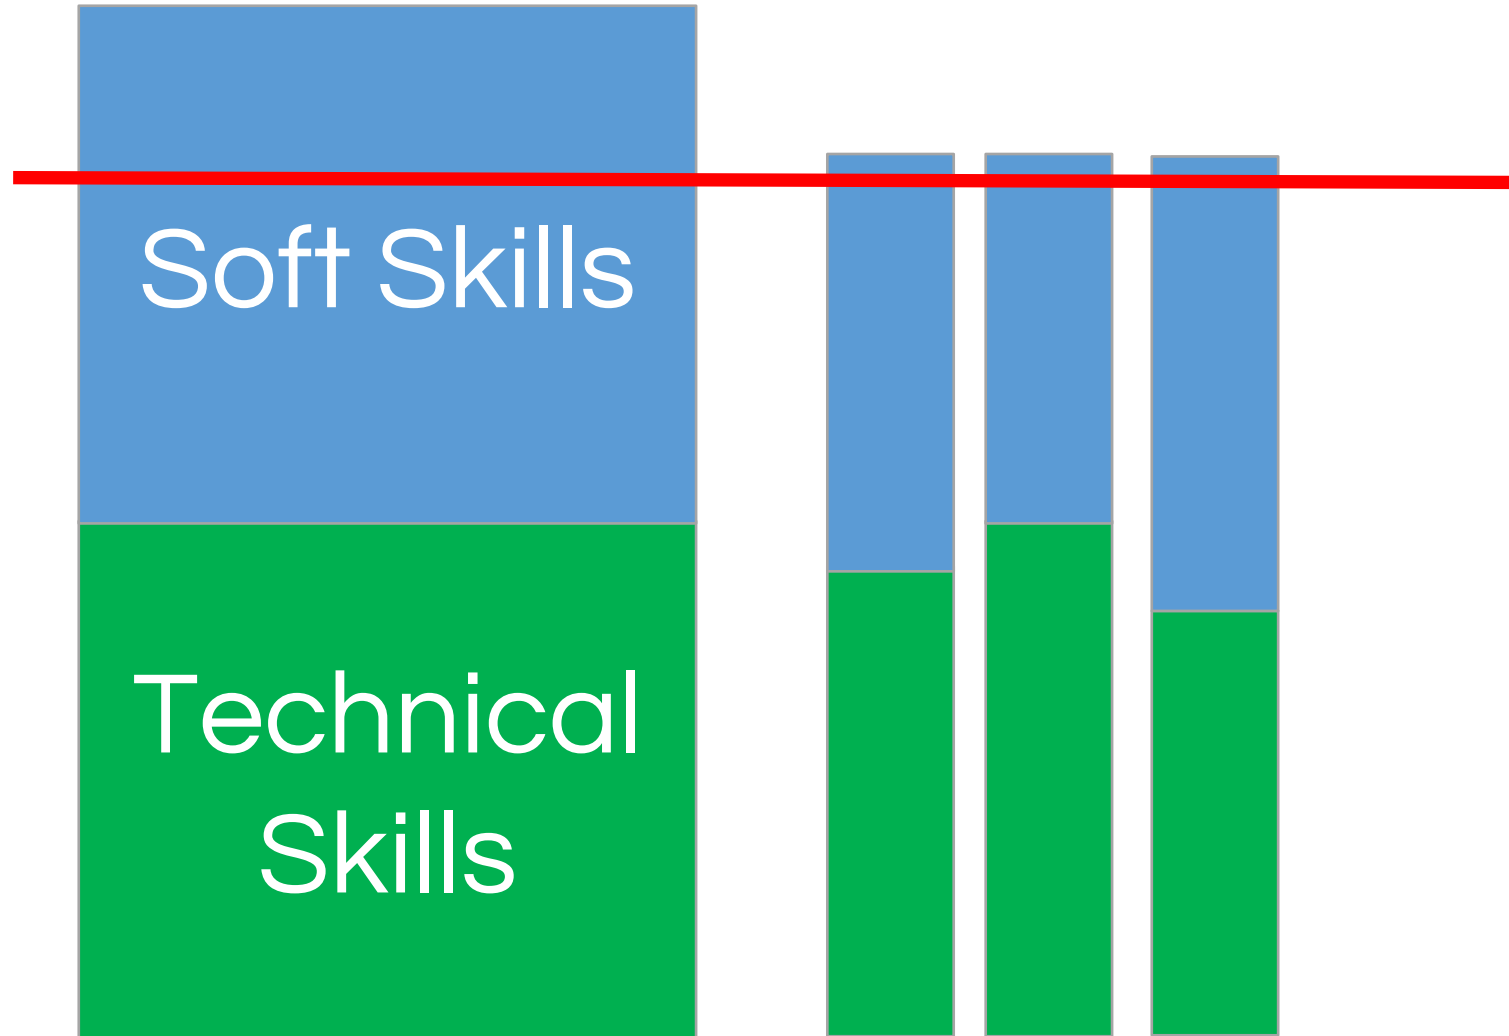

Technical  
Skills

# Technical and Soft Skills

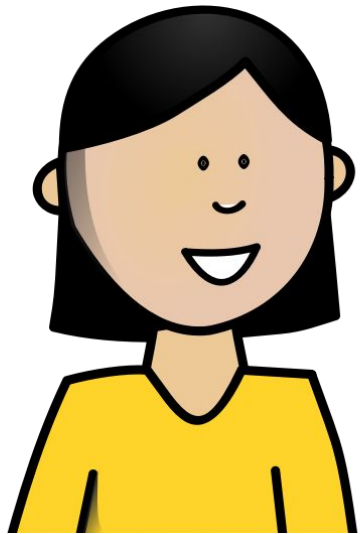

**Bar for Success**

# Technical and Soft Skills

# Technical and Soft Skills

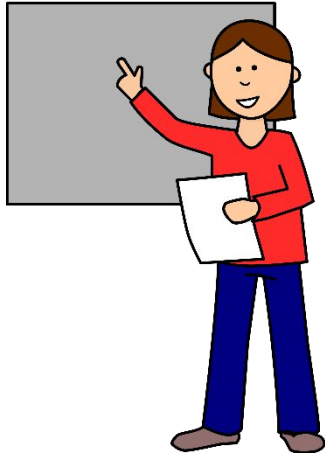

Soft Skills

## Bottom Line

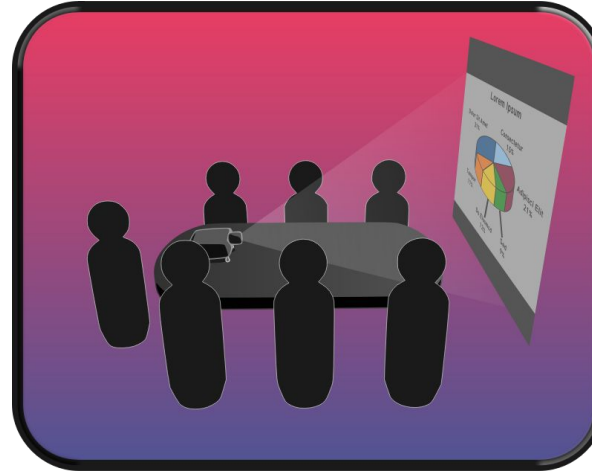

**Both are important and this  
course addresses both**

Technical  
Skills

# Interview vs. Career Success

**Interview**

**Job**

# Interview vs. Career Success

## Interview

Introduce Yourself

Describe Your  
Work

Write Code

Solve New  
Problems

# Interview vs. Career Success

## Interview

Introduce Yourself

Describe Your  
Work

Write Code

Solve New  
Problems

## Job

# By the end of this **course** you will be able to...

- Evaluate successful interview and job skills both on technical and soft-skill merit
  - Introduce yourself (this week, Week 1)
  - Writing code (Week 2)
  - Describing prior projects (Week 3)
  - Solving new problems (Week 4)
- Describe best-practices, tips, and common pitfalls for successful interviews

# By the end of this **week** you will be able to...

- Describe the format and people in the interview process, including:
  - Getting an interview + resume best practices
  - Role of the Technical Phone Screen and In-Person Visit
- Understand how to prepare for interviews
- Introduce Yourself
